SECTION 2 – RULES AND REGULATIONS

2.4 Use of Service

- 2.4.1 The Company's Services are available for use twenty-four hours per day, seven days per week. Unless otherwise restricted herein, Customers may use the Company's Service(s) to place and/or receive interstate calls.
- 2.4.2 The Service offered herein may be used for any lawful purpose, including residential, business, governmental, or other use. The Customer is liable for all obligations under this Tariff notwithstanding any sharing or resale of Services and regardless of the Company's knowledge of same. The Company will have no liability to any person or entity other than the Customer and only as set forth herein. The Customer will not use nor permit others to use the Service in a manner that could interfere with Service provided to others or that could harm the facilities of others.
- 2.4.3 Service furnished by the Company will not be used for any unlawful or fraudulent purposes including but not limited to use of electronic devices, invalid numbers, and false credit devices to avoid payment for Service contained in this Tariff either in whole or in part. Service furnished by the Company may not be used to make calls which might reasonably be expected to frighten, abuse, torment, or harass another. The Service may not be used for any purpose for which any payment or other compensation is received by the Customer except when the Customer is an authorized communications common carrier, an authorized resale common carrier, or an enhanced or electronic service provider who has subscribed to the Company's Service. However, this provision does not preclude an agreement between the Customer, Authorized User, or Joint User to share the cost of the Service as long as this arrangement generates no profit for anyone participating in a joint use or authorized use arrangement.
- 2.4.4 Service furnished by the Company may be arranged for joint use or authorized use. The Joint User or Authorized User will be permitted to use such Service in the same manner as the Customer, but subject to the following conditions:
 - (A) The Customer must complete and provide to the Company all Service agreements and/or other documentation required by the Company to initiate Service.

SECTION 2 – RULES AND REGULATIONS

2.4 Use of Service (continued)

2.4.4 (continued)

- (B) One Joint User or Authorized User must be designated as the Customer. The designated Customer does not necessarily have to have communications requirements of its own. The Customer must specifically name all Joint Users or Authorized Users in the application for Service. Service Orders which involve the start, rearrangement or discontinuance of joint use or authorized use of Service will be accepted by the Company only from that Customer and will be subject to all requirements of this Tariff.
- (C) All charges for the Service will be computed as if the Service were to be billed to one Customer. The Joint User or Authorized User which has been designated as the Customer will be billed for all components of the Service and will be responsible for all payments to the Company. If designated Customer fails to pay the Company, each Joint User or Authorized User will be liable to the Company for all charges incurred as a result of its use of the Company's Service. Each joint or Authorized User must submit to the designated Customer a letter guaranteeing payment for the joint or Authorized User's portion of all charges billed by the Company to the designated Customer. This letter must also specify that the joint or Authorized User understands that the Company will receive a copy of the guaranty from the designated Customer. The designated Customer will be responsible for allocating charges to each Joint User or Authorized User.

SECTION 2 – RULES AND REGULATIONS

2.4 Use of Service (continued)

2.4.4 (continued)

- (D) Joint use is a Service/billing allocation arrangement and not a resale arrangement. Neither the Customer nor any Joint User nor any third party engaged by either of them in connection with a joint use agreement or arrangement may mark up Service or otherwise profit from the joint use agreement or arrangement

2.4.5 If the Company reasonably concludes that Customer-provided equipment does not pass back appropriate answer supervision to the long distance network, the Company will notify the Customer. If the Customer cannot correct the problem and if Customer-provided equipment continues to provide inappropriate answer supervision to the long distance network, the Company reserves the right to suspend or terminate the Customer's Service. The Company will give the Customer five (5) days' written notice of its intent to terminate Service

2.4.6 From time to time, the Company may grant credits against usage or monthly recurring or non-recurring charges in an amount not to exceed \$1,000 per Customer or account per monthly billing period whenever the Company determines in its sole discretion that such credit is warranted due to considerations involving the delivery of past service to the Customer or account receiving the credit

2.4.7 The Customer will be billed directly by the LEC or CAP or any other authorized access provider for the Dedicated Access arrangements selected by the Customer for the provisioning of certain Switched Services or Private Line Services. At the Customer's request, the Company may act as agent in the ordering of such arrangements. In instances where the Company orders such arrangements as an agent for the Customer, the Company will bill the Local Access charges to the Customer.

SECTION 2 – RULES AND REGULATIONS

2.4 Use of Service (continued)

- 2.4.8 Upon nonpayment of any sum owing to the Company, or upon a violation of any of the provisions governing the furnishing of Service under this Tariff, the Company may, upon written notification to the Customer, without incurring any liability, immediately discontinue the furnishing of such Service. The Customer will be deemed to have canceled Service as of the date of such disconnection and will be liable for any cancellation charges set forth in this Tariff. If the Customer uses 10XXX or other carrier access codes once the Customer's account has been canceled by the Company, the Customer is a Customer of the DUC, not the Company, provided that where the Company has a Carrier Identification Code (CIC) separate from that of the DUC and the Customer uses 10XXX or similar means to access that CIC, the Customer remains a Customer of the Company if the agreement between the Company and the DUC so provides.

In addition, the Customer will comply with applicable LEC signal power limitations.

Failure to comply with any term, rule, or regulation of this Tariff may result in the Company immediately and irrevocably terminating Service(s) without incurring any liability. Notification of termination of Service(s) may be in writing or in another expeditious manner selected by the Company.
- 2 6 2 In the event of non-payment by a Reseller's subscriber, the Company may be requested by the Reseller to block such subscriber's calling card number and PIN because of non-payment of charges. Before the Company blocks Service to a Reseller's subscriber, the Reseller must certify that proper notice has been given to the subscriber. Proper notice must meet state and federal rules for Blocking Service due to non-payment. The Reseller is responsible for all costs incurred to disconnect or block the location from Service(s).

2.7.1 General

To obtain Service, the Company requires the Customer to provide the Company with whatever authorization the Company deems appropriate. Upon the Company's acceptance of this authorization, all applicable provisions in the Company's Tariff, as amended from time-to-time, become the agreement for Service between the Company and the Customer. Acceptance or use of Service offered by the Company shall be deemed an application for such Service and an agreement by the Customer to subscribe to, use, and pay for such Service in accordance with the applicable Tariffs of the Company. The Applicant must also establish credit satisfactory to the Company as provided in Section 2.7.2 of this Tariff.

SECTION 2 – RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.2 Establishment of Credit

(A) Applicant

The Company reserves the right to require all Applicants to establish credit worthiness to the reasonable satisfaction of the Company. Upon receipt of the signed letter of agency or other authorization the Company deems appropriate, the Applicant will be deemed to have authorized the Company to obtain such routine credit information and verification as the Company requires.

(B) Customer

If the conditions of Service or the basis on which credit was originally established have materially changed, an existing Customer may be required to establish additional credit. The Company reserves the right to examine the credit record and check the references of any Customer at any time.

In addition, an existing Customer may be required to make a deposit or to increase a deposit presently held by the Company if the conditions of Service or the basis on which credit was originally established have materially changed.

SECTION 2 – RULES AND REGULATIONS

2.8 Customer Deposits / Advance Payments (continued)

2.8.1 Customer Deposits (continued)

(B) Amount of Deposit

The amount of any deposit will not exceed the estimated charges for two months' Service. The Company will determine the amount of the deposit.

(D) Return of Deposit

A deposit will be returned

- When an application for Service has been canceled prior to the establishment of Service; or
- At the end of one year of satisfactory payments for Service; or
- Upon discontinuance of Service

Notwithstanding the foregoing, prior to the return, deposits will be applied to any outstanding charges to the Customer for Service, and only the excess, if any, will be returned.

SECTION 2 – RULES AND REGULATIONS

2.8 Customer Deposits / Advance Payments (continued)

2.8.2 Advance Payments

Customers and Applicants who, in the Company's judgment, present an undue risk of non-payment may be required at any time to provide the Company such other assurances of, or security for, the payment of the Company's charges for its Services as the Company may deem necessary, including, without limitation, advance payments for Service, third party guarantees of payment, pledges or other grants of security interests in the Customers' assets, and similar arrangements. The required advance payments or other security may be increased or decreased by the Company as it deems appropriate in the light of changing conditions. In determining whether a Customer presents an undue risk of nonpayment, the Company shall consider the following factors:

- (A) the Customer's or Applicant's payment history (if any) with the Company and its affiliates,
- (B) Customer's ability to demonstrate adequate ability to pay for the Service;
- (C) credit and related information provided by Customer, lawfully obtained from third parties or publicly available,
- (D) information relating to Customer's management, owners, and affiliates (if any); and
- (E) the Applicant's or Customer's actual long distance usage. The Company does not pay interest on advance payments.

SECTION 2 – RULES AND REGULATIONS

2.9.1 General

- (A) The Company uses cycle billing. The billing period is one (1) month. Except for fraud, charges may be assessed for unbilled traffic up to two (2) years in arrears
- (B) The Company utilizes direct billing by the Company or an authorized billing agent. The Company may also utilize LEC billing or credit card billing. The availability of the billing option is controlled by the Company not the Customer. All billing options may not be available for a specific Service offering. A Residential Customer's bill for the Company's Services will be included on the Customer's designated and approved credit card bill or, upon Customer request and the agreement of the Company, directly billed. Employees have a choice of direct billing by the Company or a payroll deduction plan
- (C) If a Customer presents an undue risk of nonpayment at any time, the Company may require the Customer to pay its bills in cash or the equivalent of cash. In the event the Company incurs fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred

SECTION 2 – RULES AND REGULATIONS

2.9 Rendering Bill (continued)

2.9.1 General (continued)

- (D) In instances where the Company orders Dedicated Access as an agent for the Customer, the Company will become the customer-of-record with the Local Access Provider. The Company will bill the Local Access charges to the Customer on a pass-through basis. Any credits issued by the Local Access Provider for service outages will be shown on the Customer's invoice on a pass-through basis.
- (E) Where billing systems allow, Credit Card billing and automatic withdrawal from the Customer's checking or savings account are available. However, if a Customer presents an undue risk of nonpayment at any time, the Company may require the Customer to pay its bill in cash or the equivalent of cash.
- (F) Monthly recurring charges for Service components are billed in advance of Service and reflect the rates in effect as of the date of the invoice (e.g., bills generated in January will cover the month of February). A Customer's first invoice may contain charges from previous periods for Service provided from the date of installation through the current invoice period. An Applicant for Service may be required to pay in advance of the establishment of Service the applicable nonrecurring charges together with the fixed charges applicable for the first month.

SECTION 2 – RULES AND REGULATIONS

2.9 Rendering Bill (continued)

2.9.1 General (continued)

- (G) For the purpose of computing partial-month charges, a month is considered to consist of thirty days. If the Company has ordered Dedicated Access as an agent of the Customer, the Company will not cease billing the Special Access Surcharge until the Company receives the Exemption Certificate (as defined herein) from the Customer and the Local Access Provider acknowledges receipt of the Customer's Exemption Certificate
- (H) Any Applicant for Service that was furnished Service under a former contract with the Company shall pay or make satisfactory arrangements for paying any bill outstanding and unpaid for such Service, before any additional Service will be furnished.
- (I) In the event that the Company's ability to commence or to continue to provide Service in a timely manner is delayed or interrupted because of the non-performance by the Customer of any obligation set forth in this Tariff, the Customer shall pay to the Company amounts equal to the monthly recurring charges which would have been paid had the Company been able to commence or to continue to provide Service.

SECTION 2 – RULES AND REGULATIONS

2.12 Mileage Measurements

2.12.1 Calls are mileage by the DUC that carries the call. The mileage between rate centers is calculated based on V and H coordinates as obtained by reference to AT&T Tariff FCC No. 10. Calculation between service wire centers is based on V and H coordinates as obtained by reference to NECA FCC Tariff No. 4. The mileage for a call between access lines associated with stations that use the same rate center is one mile. If Feature Group B is used, the distance will be measured from the rate center of the tandem location or network site to which the Feature Group B line is connected. If Feature Group D access is used, the distance will be measured from the rate center of the calling number.

2.12.2 Airline mileage between service locations is calculated as follows:

FORMULA

$$\sqrt{\frac{[(V_1 - V_2)^2 + (H_1 - H_2)^2]}{10}}$$

Where V_1 and H_1 are the V and H coordinates of point 1 and V_2 and H_2 are the coordinates of point 2.

Mileage is rounded up to an integer value to determine the airline mileage.

SECTION 2 – RULES AND REGULATIONS

2.12 Mileage Measurements

2.12.3 The rate mileage for the IOC on a two-point Data Service is the airline distance measured between two Company-designated POPs associated with each end of the Circuit.

2.12.4 Calculation of IOC Channel mileage between the two Company-designated POPs is based on V and H coordinates as obtained by reference to National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4 The Airline Mileage between two Company-designated POPs is calculated as follows:

FORMULA.

$$\sqrt{\frac{[(V_1 - V_2)^2 + (H_1 - H_2)^2]}{10}}$$

Where V_1 and H_1 are the V and H coordinates of point 1 and V_2 and H_2 are the coordinates of point 2.

2.12.5 For the IOC, Fractions of a mile are rounded up to the next whole mile before rates are applied.

2.13 Timing of Calls

2.13.1 On Station-to-Station calls and on Direct-Dialed calls chargeable time begins when the called Station answers and the connection is established between the calling Station and the called Station, miscellaneous common carrier, mobile radio system, or PBX system. Answer detection is determined based on standard industry answer detection methods, including hardware and software answer detection. However, when Services are directly connected to a Customer-provided communications systems at the Customer's or End User's premises, chargeable time begins when a call terminates in, or passes through, the first Customer equipment on that Customer-provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of interface with the Company's Service so that chargeable time may begin.

2.13.2 On Person-to-Person calls, chargeable time begins when connection is established between the calling person and the particular person or Station specified or an agreed alternate.

SECTION 2 – RULES AND REGULATIONS

2.13 Timing of Calls (continued)

- 2.13.3 Chargeable time ends when the calling Station hangs up thereby releasing the network connection. If the called Station hangs up but the calling Station does not, chargeable time ends when the network connection is released either by the automatic timing equipment in the telecommunications network or by the operator.
- 2.13.4 On Prepaid Calling Card calls, billing begins only when a starting and ending event both occur. Timing is calculated at the starting event and ends at the terminating event. If there is no terminating event, there is no charge. Time between the starting event and the terminating event is the call duration. The starting event occurs when the Platform experiences an incoming signaling protocol successfully, i.e., upon seizure of an inbound trunk. The terminating event occurs when the Platform receives a signal from the LEC that the calling party has terminated the call or when the special audio text and interactive voice response features of the Platform such as news, weather, voice mail, etc. have been accessed by the End User and completed. If the called party hangs up and the Customer re-originates one or more calls utilizing the interactive Platform program features without re-dialing the toll-free access number, the terminating event occurs when the Platform receives a signal from the LEC that calling party hangs up. If the End User of a Prepaid Calling Card call uses the conference feature, the third leg of the call is timed separately. Timing of the third leg of the call begins when the called station answers and terminates when the called station hangs up.

2.14.1 General

Different rates may be applicable to a call at different times of the day and on certain days of the week, as specified in the appropriate rate schedule for that call. The rate periods shown below apply. All times shown are local time at the calling station in the case of an outbound call and at the called station in case of an inbound toll free call.

2.14.2 Peak and Off Peak Rate Periods

There are two rate periods for all Customers. They are Peak and Off-Peak. For Business and Residential Customers, the Peak rate period is 8:00 AM to 5:00 PM, Monday through Friday. The Off-Peak rate period is all other times.

2 14 3 Day, Evening, and Night Rate Periods

	Times Applicable		
Rate Period	From	To But Not Including	Days Applicable
Day	7:00 AM	7:00 PM	Mon - Fri

Night	11 00 PM All day All day	7:00 AM	All days Saturday Sunday

2.14.4 Day, Evening, and Night Rate Periods for Operator Services

Day	8:00 AM	5.00 PM	Mon - Fri
Evening	5:00 PM	11:00 PM	Sun - Fri
Night	11:00 PM All day All day	8 00 AM	All days Saturday Sunday

SECTION 2 – RULES AND REGULATIONS

2 15 Determining Rate In Effect

For outbound Services that are time-of-day sensitive, the time-of-day at the central office or POP associated with the calling station determines the rate in effect. For Toll Free Services that are time-of-day sensitive, the time-of-day at the central office or POP associated with the called station determines the rate in effect. If a unit of time is split between two (2) or more rate periods, each rate period applies to the portion of the call that occurred during that rate period rounded to the nearest billing increment. For Dedicated Access Services, when a call or unit of time is split between two rate periods, the rate is based on the rate period in which it began. If a Call is completed by an operator, the time at the beginning of each initial or additional rate period determines the applicable rate period. When a Call spans more than one rate period, total charges for each rate period are calculated and the results for each rate period are totaled to obtain the total message charge.

SECTION 2 – RULES AND REGULATIONS

2.16 Application of Charges

2.16.1 Rounding

- (A) Each usage sensitive Service has its own specific initial period and additional period (collectively referred to as billing increments) as specified in Section 3 of this Tariff. For all Services, fractions of a billing increment are rounded up to the next higher increment for billing purposes.
- (B) If the payphone surcharge includes a fraction of a cent, the fraction is rounded up to the next higher whole cent
- (C) If the Customer re-originates one or more calls without re-dialing the toll-free access number, timing of the usage is rounded at the end of the last call
- (D) Usage charges apply to all completed calls. The usage charges for each completed call during a billing month will be computed. Rounding for charges for Service(s) is on a call-by-call basis. If the charge for the call includes a fraction of a cent of \$.005 or more, the fraction of such charge is rounded up to the next higher whole cent. Otherwise, the charge is rounded down to the next lower whole cent

2.16.2 BTN Account Changes

(A) Discounts

A change in Service or enrollment in a promotional offering that impacts the Customer's usage discount is effective on the first day of the next billing cycle after the change order is processed

SECTION 2 – RULES AND REGULATIONS

2 16 Application of Charges (continued)

2 16 2 BTN Account Changes (continued)

(B) Monthly Recurring Charges

If Service is provided for less than a billing cycle, all associated monthly recurring charges will be prorated for the time Service was provided to the Customer

2 16.3 TFS

Rates and charges apply to all TFS Numbers associated with the Customer's BTN. For an existing Customer who subscribes to TFS in the middle of a billing cycle, monthly recurring charges are prorated based on the amount of time the plan is in effect prior to the first bill.

SECTION 2 – RULES AND REGULATIONS

2.17 Taxes, Surcharges, and Fees

2.17.1 General

- (A) In addition to the charges specifically pertaining to Services, certain federal, state, and local surcharges, taxes, and fees apply to Services. These taxes, surcharges, and fees are calculated based upon the point of origination of the call, the point of termination of the call, the length of each call, and the taxing jurisdiction's rules and regulations. The Company may impose a surcharge on its Customers to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. All federal, state, and local taxes, surcharges, and fees (i.e., sales tax, gross receipts tax, municipal utilities tax, etc.) are listed on the Customer's invoices, and unless otherwise specified herein, are not included in the rates listed in this Tariff. For Prepaid Calling Card Service, the per minute rate shown in Section 4 of this Tariff is inclusive of all surcharges, taxes, and fees except for Point-of-Sale ("sales") taxes except for Program 20 prepaid card. No taxes, surcharges, fees, and Point-of-Sale taxes are included in the rates for the Program 20 prepaid card set forth in Section 4.
- (B) Pending the conclusion of any litigation challenging a jurisdiction's or body's right to impose any assessments, duties, fees, surcharges, taxes, or similar liabilities, the Company may elect to waive or impose and collect a charge covering such assessments, duties, fees, surcharges, taxes, or similar liabilities, unless otherwise constrained by court order or direction. All such charges will be shown as a separate line item on the Customer's bill. If the Company has collected any assessments, duties, fees, surcharges, taxes, or similar liabilities and any of the challenged assessments, duties, fees, surcharges, taxes, or similar liabilities are found to have been invalid and not enforceable, the Company will credit or refund such sums to each affected Customer if (1) the Company has retained such funds or (2) the Company has remitted such funds to the collecting jurisdiction or body and the funds have been returned to the Company.

SECTION 2 – RULES AND REGULATIONS

2 17 Taxes, Surcharges, and Fees

- (A) In order to be granted tax exempt status, a Customer claiming tax exempt status must provide the Company with copies of all tax exemption certificates and documents required by the Company at the time Service is ordered. New Customers are required to provide the requested documentation at the time Service is ordered.
- (B) Failure to provide the required documentation at the time Service is ordered will result in all taxes as noted herein being levied by the Company on the Customer's Service, and the Customer will be responsible for the payment of all such charges.
 - 1 At the Company's option, the Company may accord the Customer tax exempt status upon receipt of the required documentation after Service is ordered. However, the Customer will be billed for all applicable taxes and will be responsible for the payment of same until such time as the Company has ceased billing the applicable taxes.
 - 2 The Company is not liable for refunding the amount of the taxes paid by the Customer. The Customer is responsible for seeking refunds for such taxes from the appropriate taxing authority.
- (C) Failure to pay the appropriate taxes prior to tax exempt status being accorded by the Company will result in termination of Service

SECTION 2 – RULES AND REGULATIONS

2.18 Interruption of Service

- 2.18.1 Without incurring liability, the Company may interrupt the provision of Services at any time in order for tests and inspections to be performed to assure compliance with Tariff regulations and the proper installation and operation of Customer's equipment and facilities and may continue such interruption until any items of non-compliance or improper equipment operation so identified are rectified.
- 2.18.2 To prevent possible unauthorized, fraudulent, or unlawful use of Service, the Company may initiate Blocking of all calls or Blocking calls to or from certain NPA-NXXs, cities, or individual telephone stations for any Service offered under this Tariff. Service will be restored as soon as it can be provided without undue risk and only after accounts have been brought current.
- 2.18.3 No credit for recurring monthly charges will be issued for outages less than twenty-four consecutive hours in duration. For Customers with Service subject to a monthly recurring charge, Service interruptions of greater than twenty-four (24) consecutive hours duration will receive a credit equal to the number of hours of Service interruption divided by 720 hours times the monthly recurring charge for the Service.
- 2.18.4 For Services with usage-sensitive rates, credit allowances for cutoff, wrong number, or poor transmission are subject to the general liability provisions set forth in Section 2.3.2 of this Tariff. If the Customer desires a credit for any Service interruption, the Customer must contact the Company via telephone or in writing. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by the Customer within the Customer's control, or is not in wiring or equipment, if any, furnished by the Customer.

Cancellation of the Customer's Service will be effective when the Customer's account status is changed to inactive in the appropriate data base(s).
- (B) For rules and regulations regarding cancellation of a term plan agreement, see Section 2 26 of this Tariff

SECTION 2 – RULES AND REGULATIONS

2.19 Cancellation of Service By Customer (continued)

2.19.2 Customer Cancels An Order For Special Facilities or Dedicated Access Arrangements Before Service Begins

If a Customer (1) orders Service requiring special facilities dedicated to the Customer's use or requests that the Company order Dedicated Access arrangements as an agent of the Customer and (2) subsequently cancels its order before Service begins, before completion of the minimum Service period or before completion of some other period mutually agreed upon by the Customer and the Company, the Customer is responsible for all costs incurred expressly on behalf of the Customer by the Company including those costs the Company incurred as an agent of the Customer. If billing records received from a DUC show that a Customer has had no usage with the Company, on one or more lines for a period of forty-five (45) days or more, the Company may conclude that the Customer has moved Service to another carrier, or disconnected Service, whereupon the Company may treat the Service with the Company as having been canceled by the Customer. In such event, the Company may inform the Customer of such treatment. The selection of the method of delivery of the notice is made by the Company.

2.20.2 The termination of Service(s) by the Company pursuant to this section does not relieve the Customer of any obligations to pay the Company for charges due and owing for Service(s) furnished up to the time of termination. If the Customer rectifies the violation to the satisfaction of the Company, the Company may, in its sole discretion, return the number to the control of the Customer.
